Happy New Year!

As we begin a new year, we want to thank all of our sponsors and donors throughout the past year! We look forward to working alongside each of you again. Without the coalition of the local businesses and government agencies, Little Big Tots Foundation would not be successful in helping every child reach their dreams.

Our Ike Loa Program is the heart of Little Big Tots Foundation, and we strive to excel the program each year and look to reach many more children in enrolling in extra-curricular programs. Our Mission is to reach community youth ages three to thirteen years of age and increasing their participation in activities that will promote their life skills and experiences. The youth are the future and creating a pathway that can mold leaders of future is what Little Big Tots Foundation is all about.
